## Introduction

All general rules contained within the Adrenaline Gymnastics Rules & Policies located in your parent portal account rules and policies page still apply to our USAG team members.

However, because the team program is much more complex than the recreational or preschool programs, the following manual was compiled to provide you the additional information needed to help ensure your child's continued success; and to set the expectations of what it means to be a competitive team member at our gym. We hope that you will share involvement in our team program, our view about gymnastics, and its benefits.

## AGA Xcel Program Intro

---

Gymnastics is one of the greatest overall body conditioning activities your child could experience. Some physical attributes you will find developing in your young gymnast will be strength, flexibility, kinesthetic awareness, muscular control, muscular endurance, coordination, timing, agility, balance and grace. Some of the mental attributes we hope to help them develop are positive self-image, self-motivation, tenacity, patience, goal setting, courage and teamwork.

### **Governing Body**

The USAG Xcel program is governed by general rules and policies of the USA Gymnastics. All the level requirements are based upon the USAG code of points at the compulsory and optional levels. However, the optional levels are intended to offer the qualities of being an optional gymnast (own routines & choreography) at an earlier timeframe compared to the Junior Olympic program, while still providing proficient skill progressions. Xcel seeks to give all athletes an opportunity to compete in a casual competition for awards without a commitment to long practice hours while still being able to reach their full potential.

### **Who is this program for?**

AGA's Xcel Team program is geared towards the athlete who:

- Is motivated to progress and learn, but wants to participate in the sport of gymnastics and progress at pace which generally allows them to stay in their personal comfort level.
- Wants to compete and experience the team aspects of gymnastics, but without the time and financial commitments required by our USAG Junior Olympic competitive program.
- Possibly wants to compete for their High School team, but has no design on trying to compete in College.
  - It is important to note: Xcel is NOT a college gymnastics prep program, nor do colleges recruit out of High Schools. Potential college gymnastics athletes are recruited strictly out of the USAG Junior Olympic Level 10, and International Elite levels. If you are interested in more information pertaining to this topic, please see an AGA owner.

AGA's USAG Xcel Program, although lower hours and time/financial commitment, is still a highly competitive program, and the athletes enrolled in this program are required to strive to perform to that level at all times.

Xcel Teams are by tryout and invitation only. Additional information on "making a team" will be addressed later in this document.

# AGA Xcel Program Structure Overview

---

## **Developmental Levels**

### ***Xcel Pre-Team***

More often than not, the purely recreational athlete who is only coming 1-2 hrs per week is not prepared for what awaits a team level gymnast. By design, recreational gymnastics programs are meant to be just that – recreational. While they are a great avenue to provide a good source of physical and mental benefits to the student, the curriculum is just not meant to produce competitive gymnasts. Classes like AGA's Xcel Pre-Team is meant to close that gap, and provide the student with the necessary fundamental training needed for competitive gymnastics and to better prepare the family for the road ahead.

This training team is "by invitation only" for those athletes who have shown the potential to be a team level athlete, and wish to develop the strength and skill necessary to try-out for an Adrenaline Xcel competitive team.

## **Xcel Program**

Adrenaline offers training for gymnasts to compete in the Xcel Program for Girls Levels Bronze through Diamond. These athletes train year round, and our Xcel team members train anywhere from 4.5 to 15 hours per week depending on their level. Adrenaline Xcel gymnasts have competed statewide with continual success occurring at every level.

### ***Compulsory Levels***

Bronze and Silver are the "Compulsory" levels of competitive Xcel gymnastics. Gymnasts assigned to these levels all have the same routines and requirements as every other gymnast at that level. The gymnast must be proficient in the skills necessary to perform the routines which are designed by Colorado USA Gymnastics. These levels are progressive in nature, with each subsequent level building upon the skills required at the previous level, ultimately trying to prepare the athlete for entry into the Optional level program.

### ***Optional Levels***

Gold, Platinum & Diamond are the "Optional" Xcel gymnastics levels. Each event is individually choreographed by the gymnast and coach following USA Gymnastics difficulty requirements for the respective level.

# Xcel Gymnast Level Progression Overview

**U SAG Xcel  
Team Program**  
- Recreational Competitive  
- High School Prep or multi-sport athlete  
- Local Competition Only  
- Entered through tryouts

Program Intensity & Time/Financial Commitment Level  
Highest

Xcel Team Program athletes may transition to U SAG Junior Olympic program based on invitation/tryout only.

Please note: Transition from Xcel to JO is not typical. Please contact an AGA Owner for additional information if desired.

# General Rules & Info for the AGA Xcel Team Family

## AGA Xcel Team Selection and Move-up Process

---

Memberships on AGA's competitive Teams are by AGA selection only, and placement of an athlete into a specific AGA competitive Team is at our sole discretion.

### How are athletes selected and evaluated?

- For gymnasts moving up from our recreational or developmental programs, or joining us from another gym: A formal tryout process is required to determine selection, and a subsequent probationary period applies.
  - For athletes being selected out of our Preschool or Recreational Programs Only:
    - If a team position is offered, AGA will hold the athletes spot in their preschool or recreational class for a set time, typically one calendar month. If during that month the athlete/family, or AGA, decides that the team route is not appropriate for the athlete, they may move back to the previous class spots without penalty and the team contract will be null and void. However, after the trial period, the team contract will be enforced.
- For gymnasts currently enrolled in one of our teams: The athletes will be constantly evaluated over the entire course of the practice and competition seasons in their current level with regard to possible placement for the following season. Gym management, at their sole discretion, will then select and place athletes into the appropriate levels for the following season based on numerous criteria such as:
  - Skill, ability & potential
  - Self-discipline & personal work habits
  - Self-confidence
  - Peer & Senior Relationship skills
  - Attendance & Commitment
  - Meet Performance
  - Our professional opinion of what is in the athlete's best interest
- Bronze and Silver Athletes Only
  - All Bronze athletes will be required to attend tryouts again following their competition season.
  - Silver athletes not selected for move-up to the Gold division will be required to attend tryouts following their competitive season.
  - Silver athletes selected for Gold will NOT have to attend tryouts.

This list is not all inclusive, but is a good indicator of the types of items gym management will always be reviewing on each and every team gymnast in our program. We will make every effort possible to ensure the gymnasts are provided the opportunity to succeed and continue their movement through the competitive levels; however, many criteria are completely dependent on the athletes themselves to work hard, follow direction, and continue to refine their physical and mental abilities.

## **Important Notes Regarding Team Placement & Progression**

- Earning a position on an AGA team does not guarantee a position will continue to be offered the following season; even at the same level.
  - The items which will significantly impact our decision on continuing to offer a spot are:
    - Athlete work ethic/personal work habits
    - Athlete attendance & commitment
    - Athlete continued progression
- Gymnastics is not a sport that gets easier over time; the requirements and commitment only continue to get more and more intense as the gymnast progresses.
- Even though we teach gymnastics in a progressive manner, success at one level may not always directly translate to success at the next for each and every athlete. As such, moving up year over year is not guaranteed, nor implied.
- The athletes will be fully aware of what is expected of them during practice. As a team parent, you will not receive a point by point list of “move up requirements” outlining every single skill or habit we are looking at. These are instructions the athletes get in practice every day from the coaches, and the athletes know what their assignments/requirements are.
- You will be informed if we have significant concerns over your child’s progression, wellbeing, or behavior. However, not receiving one of these discussions should not be construed as proof positive that your child will move up the following year.
- A Program Director, at their sole professional opinion, may choose to move up a limited amount of athletes who do not have 100% requirements based on the athletes overall strengths and potential compared to their weaknesses. This kind of move up will typically be conducted under a probationary contract; Failure to meet the terms of the probationary contract may result in moving the athlete back to their previous level.
- AGA’s formal policy is to not allow a parent to influence our decision making process when reviewing an athlete’s level placement. Please bring us your concerns if you have them and we will gladly discuss the matter with you.
- Should progress stall for an unacceptable period of time the athlete may be placed on a different team which better matches their progression level and ability. However, that will not occur without a process having taken place first to attempt to help the athlete through their struggles, and discussions having taken place with the parents.

## **Key “non-skill related” factors which can impair a gymnasts progress**

Beyond the “skill progression” related items which may prevent an athlete from moving up, there are also a number of very typical factors which can impact the athlete from progressing as a parent would expect. It is worth noting that many of these can also be root causes for possible skill progression issues.

1. Common High Impact Items
  - a. Lack of attendance.
    - i. Without a doubt, this is our number one reason we see an athlete not make any progress. As was stated earlier, gymnastics is a sport of repetition, progression, refinement, and maintenance. Lack of attendance, especially for a recreational student who may only be coming once a week, can severely hamper that athlete’s ability to obtain the proficiency required to move to the next level.
  - b. Fear & Mental Blocks
  - c. Strength & Flexibility Issues
2. Less Common High Impact Items
  - a. “Know it all” approach from the athlete.
    - i. This is the athlete who is being instructed to do something as simple as a forward roll, and just runs through the motions with no attention to form

because “that’s baby stuff, I can do forward rolls”. Then, when they get corrected by their instructor, they get offended or angry, and refuse to make the corrections out of stubbornness.

- b. The “fanatically over-involved” family member
  - i. Although these types of families are rare, they do exist and are worth discussing in our opinion. Fanatical sports parents have unrealistic expectations and regularly overestimate their children’s abilities in the sport regardless of what they might be told from a coaching staff (or from their own child). They expect their child to get everything right on the first try, win at every competition, or progress faster than any other child; and ultimately fail to listen to their children’s apprehensions and fears.
  - ii. Part of being a parent obviously involves being interested and concerned in all aspects of a child’s life. We know it can be difficult sometimes and go against the grain of parental instincts; but especially in this sport parents need to allow their children a modicum of independence in order for them to thrive.
- c. Coach/Athlete conflicts
  - i. While we try to work with each individual athlete in a manner which is best for them, there are certain expectations we have of the athletes that the athletes may or may not work well with. Although every possible method will be attempted by our staff to get the athlete to perform to the highest levels possible, this can sometimes cause conflict between the coach and athlete. In these instances, we will bring the parents into the discussion to assist with resolution.

### **The successful AGA Athletes Training Philosophy**

- Priority Setting/Self Discipline/Time Management
  - Knowing what has to be done to achieve a goal in both Gymnastics and Academically.
- Self-Motivation
  - Not depending on other people for your motivation, and working hard because you want to
- Respect
  - For your teammates, your coaches, your gym, your parents, and yourself.
- Sportsmanship
  - Always playing by the rules, whether we are winning, or losing
- Dedication
  - Doing what it takes to staying focused on your goals
- Leadership
  - ALWAYS setting a good example through your efforts and actions
- Teamwork & Cooperation
  - Supporting teammates through a positive attitude
- Proper Nutrition & Physical Fitness
  - Maintaining foundations of a healthy lifestyle and fueling the athlete body appropriately.

### **Xcel Team Members Attendance & Participation Requirements**

AGA’s “official stance” on these topics is relatively simple; if the gymnasts’ goals are to be successful in the sport, they need to be at every practice. However, we strongly believe that every case has its own nuances and we request that you come speak with your child’s coach, or an AGA owner, if you find yourselves trying to make decisions about this situation.

## **Xcel Team Attendance Policy**

1. Attendance Requirement
  - a. Pre-Team: 80% annual attendance
  - b. Bronze/Silver Teams:
    - i. Pre-Season (Aug-March): 80%+ attendance
    - ii. Competition Season (Apr-June) 90%+ attendance.
      1. Exception: 100% attendance required the week prior to a scheduled competition.
  - c. Gold/Platinum/Diamond Teams:
    - i. Pre-Season (June-Jan): 80%+ attendance
    - ii. Competition Season (Feb-May) 90%+ attendance.
      1. Exception: 100% attendance required the week prior to a scheduled competition.
2. Amount Of Vacation Time Allowed: All Programs
  - a. During times where the athlete is allowed to miss practice (pre-season), the following amount of time restrictions apply:
    - i. Pre-Team & Compulsory: No more than two concurrent weeks in a row
    - ii. Optional Teams: No more than one week at any given time.

## **Attendance Policy Infractions**

- AGA is extremely strict regarding attendance for the team athlete and if an athlete does not meet the attendance requirements, that athlete may be removed from competition, their assigned level, or from the team entirely. Please ensure you coordinate any absence with your teams head coach as far in advance as possible.
  - Note: Removal from the team for attendance issues does NOT absolve the family of their financial commitment. Please see the financial obligations section contained in this handbook for further details.

## **General Notes Regarding Attendance**

- Vacation Clarification
  - If your child's competition season has a typical "school" vacation time (i.e. Fall Break, Spring Break, Christmas Holiday, etc), the Athlete is EXPECTED to be at practice. These time offs will typically not be approved for the athlete if they are close or at their attendance percentage requirements, and if taken anyways will affect their standing with the team.
- AGA does not pro-rate tuition for missed practice time.
- In general, if a family decision is made to miss scheduled practices, private lessons are not an acceptable practice for us to make up for lost time in scheduled practices.
- Gymnasts who do not meet the attendance requirements at any time during competition season may be scratched from any subsequent meet at the sole discretion of that level's Head Coach, Program Director, or AGA Ownership.

## ***Why do we have this attendance policy for our teams?***

- Gymnastics is an all year, four-season sport, and one that requires the athlete to commit to a certain level of practice in order for them to SAFELY progress.
- When we place an athlete onto one of our teams, we are making a commitment to them that we are going to do everything in our power to have them competition ready at the highest competitive levels. In return, we require that the athlete do everything in their power to have themselves ready to compete at the highest levels.

- By accepting a position on an AGA team, the athlete is making also making a commitment to their teammates that they are going to do everything in their power to help the TEAM be successful. In order to follow through on that commitment, the athlete needs to be at practice.
- AGA limits the number of athletes they accept onto any given team, and more often than not your child is being awarded a position on the team over another athlete. As such, they are making a commitment to their club that they will fulfill the responsibilities of the team position which was awarded.
- Workouts are planned for a period of a full year in preparation for competition; similarly, competitions are scheduled for the season in a manner that allows qualification to succeeding levels or meets. Missing any block of workouts or meets **will** put a gymnast out of phase with the rest of their team and could have an adverse effect on their advancement in level or competition.

## **School/Academics**

---

School and grades must be a priority for the AGA athlete, and that if the athlete is to progress down the path of being a student-athlete, they must learn to manage both their gym practice and their school work load.

We understand and support that there may be times when pressing school assignments or tests might mean a shortened practice for your child. If your gymnast needs to miss practice, or a portion of practice to ensure their homework is completed, please let us know as early as possible. Here are some general guidelines/rules if your child will miss a portion of practice:

### **Academics Policy**

#### ***Missing Practice Due To Academics:***

1. If your child needs to miss a part of practice to get an overload of homework done, you must contact the child's coach to determine which part of practice is the best for them to miss (i.e. come in early/leave early, or come in late/leave on time).
2. Dance is a very integral part of their training and may not be skipped. If your child's homework load will have them miss part of practice on a day where the schedule includes dance, they must skip the gymnastics time and not the dance time.

### **Academic Policy General Notes**

Continuous conflicts between practice and school workload will result in the athlete being removed from the team to manage their school workload as a priority as it is more important overall.

### **Report Cards/Grade Point Average**

1. Even though the Xcel program is not a college bound gymnastics program, AGA competitive Xcel gymnasts are still required to keep a 3.0 or higher GPA or they will not be permitted to compete and/or practice.
  - a. Athletes must turn in their report cards directly to Jason Kaplan at the end of each semester
  - b. Athletes who do not meet this GPA criteria will be placed on probation for the next grading period. If their grades do not show improvement, they will be removed from the team to allow them the time to focus solely on school.
  - c. Students who are not on a GPA scale at their school (i.e. elementary students, students at alternative schools, etc) are still required to turn in report cards. Each non-GPA assessed report card will be reviewed based on its own grading scale.

- d. If an athlete is removed from the team after probation due to insufficient grades, please note that this is with ***no refund or removal of financial responsibility granted to the parent.***

## **Exclusivity in training**

---

Gymnastics training for the AGA athlete is exclusive to this club. Gymnasts may not train at any other gym, camp, clinic, or open-gym while training/competing and/or representing this facility without prior approval from their lead coach or an AGA owner.

### **External Gymnastics Camps**

While gymnastics camps “can be” a good way for the athlete to have fun and try new skills, more often than not they are being put through these skills by coaches who have never taught the skill before, by one who knows how to spot it properly, or by one that may have significant difference in training philosophy than their coach here at Adrenaline which can severely impact progression when they come back to practice due to inconstant training methodologies.

There is an unfortunate tendency in this sport for just as many coaches as kids to go to camp to learn new skills.... However, on many occasions in the past we have approved a group of athletes to go to camp if they 1) are all going to the same camp, and 2) if the camp allows one of our coaches to come work the camp (we do this so we can oversee what is going on with our athletes), and 3) it occurs at a time of the year where it does not affect their preparation for the upcoming season. If you are interested in this possibility please see an AGA owner for more information and possible coordination.

### **Open Gym/Practice at different gym**

AGA team athletes may not attend an open gym or practice at another gym without the express consent of their current head coach.

So you are aware, this will typically not be approved; However as with most things there are possible exceptions, so please ensure you inquire with your child’s coach before engaging in this activity.

### **Tryouts at different gym**

No AGA athlete be allowed to “try-out” at another club while still actively enrolled at AGA without the express consent of an AGA owner. Coaches may not grant this approval.

Should AGA Mgmt. discover that this has occurred; the athlete will be removed from AGA’s competitive rosters ***with no refund or removal of financial responsibility granted to the parent.***

### **Jump Street or Similar facilities**

AGA highly discourages our athletes from participating at events held at locations such as Jump Street or similar for one simple reason: there are no professional coaches working with them, and the injury rate is extremely significant. Over the course of the last three seasons, we have had no less than 10 athletes have to sit out a complete season (with no refund to the parents as this is outside of the covered injury clauses) due to injuries sustained at outside trampoline facilities.

## Participation in other Sports/Activity

---

### **Other Sports/Activities Policy**

- **All AGA Xcel Levels/Teams:**
  - No restrictions on other sport participation, including High School sports. However, to maintain their position on the AGA team to which they are assigned, practice attendance requirements still apply.
  - We will try to work with our High School athletes regarding their HS practice schedule, but the attendance policy still applies to these athletes as well. High School gymnastics practice may NOT take the place of their club practice if they want to maintain their position on the club team.
    - For issues or concerns over this policy, please see the Xcel program director, or an AGA owner for further clarification if needed.

As was previously stated, club gymnastics is not a sport that gets easier over time; the requirements and commitment only continue to get more intense as the gymnast progresses through the Xcel levels. As such, the focus and determination of the typically successful club gymnast tends to require their full attention and time if they want to progress to the highest levels of the program.

### **Parent/Spectator Viewing Policy**

---

We have learned from past experience that “Window Watching” has negative effects on the athletes, the families, and the gym. We absolutely want you to know what’s going on in the gym, but your child needs the freedom to work and train without an extra “coach” in the waiting room. Therefore, the following spectator viewing policy is in effect for all AGA teams:

#### **Policy**

Parent/spectator viewing of practice for all AGA teams (including pre-teams) are restricted to one day per week, per family. On days that parents do not choose to view practice, parents of athletes in one of these programs may be in the building no more than 15 minutes after scheduled practice starts, to 30 minutes before scheduled practice ends.

#### **Practice Viewing Etiquette**

While within the AGA facility, parents are to refrain from gossip or talking negatively about their own child, another child, a coach, or the gym in general. If this becomes an issue, the individual parent may be restricted from viewing practice at all times.

When your child is at practice, the coaches simply cannot constantly be called over for a discussion. If you need to have a discussion with your child’s coach that will take more than a few minutes, please make sure and schedule that time with the coach so they can provide you the appropriate amount of attention.

In addition, Interaction between gymnast and parent (visually or verbally) during workouts or at gymnastics competitions is not appropriate. A distracted gymnast is a prime candidate for injury.

#### **Practice/Spectator Viewing Exceptions:**

Exceptions will be made only for the following situations:

- On days that AGA requires a parent to be on site (i.e. Team meetings, Picture days, Team Events, etc.), parents may stay through the evening if they so desire in addition to their regular viewing day.

- If your family has another child enrolled in a preschool or recreational class, you may stay to watch that child's practice.

## **Gym Schedule Changes**

---

At three scheduled times per year, practice schedules will be evaluated and potentially changed:

- February
  - This schedule change is to accommodate team assignment shifts, and re-prioritization of equipment rotations to teams coming into/out of competition season.
- June
  - Summer hours shift (See note below regarding summer hours)
- August
  - Back to school shift

### **Summer Practice (June/July)**

Please note: Every team can count on having some practice times moved to the daytime hours during the summer schedule months. All attendance policies will apply. If you know your personal schedule will not necessarily allow you to get them to/from the gym during the day in the summer months' practices, please start your planning for other arraignments as soon as possible (i.e. potential carpools, etc.).

### **Schedule Policy**

Please remember that that AGA Team schedules are subject to change at all times and we simply cannot guarantee that this schedule will remain constant throughout the entire timeframe noted. Schedules can change based on numerous criteria such as equipment/rotation space availability as well as coach availability. When feasible, we will attempt to afford every team family affected by a schedule change an appropriate amount of time to plan for a non-scheduled change, but some circumstances beyond our control may cause an immediate change.

## **Private Lessons**

---

In general, it is our opinion that our athletes all have sufficient practice hours for skill enhancement and achievement; however, situations do arise where a private lesson is warranted.

While you may always inquire with your child's coach about private lessons, our staff has been instructed to only do private lessons for AGA athletes in the below circumstances:

- Short term concentration/corrections on a certain required skill that has eluded the athlete during normal practice.
- Long term scheduled privates for the advanced athlete to work future requirement progressions which they are unable to perform in normal class due to time/curriculum limitations.

### **Private Lesson Policy**

- Private lessons are not an acceptable substitution for regularly scheduled practice.
- Your child must be currently enrolled in a class at AGA
- Your payment account at AGA must be current
- All private lessons must be coordinated and approved through your child's primary coach; regardless of which coach you wish to perform the private lesson with.
  - More often than not, private lessons with another coach are not going to be an issue. However, because your child's primary coach works with your child the

most, we want to ensure that any training plans the coach has in place with the athlete are not accidentally disrupted by a private lesson with another coach. It is also just a simple matter of courtesy to your child's primary coach.

- The private lesson must be held at a time that does not interfere with normally scheduled practices.
  - If your private is scheduled at a non-business hour time where there will be nobody in the gym but the coach and the athlete, you are required to stay in the gym for the duration of the private lesson.
- Primary coaches, at their sole discretion, may rescind their approval for a different coach to do privates with the athlete if they feel the private is impacting proper progressions or athlete approach/attitude in normal practice.

### **Setting up a private lesson**

Private lessons, and payment for the lessons, are coordinated directly between the coach and the athlete's parent. Please note: Private lessons are outside the normal scope of your tuition and are performed on the individual coach's availability. AGA Coaches set their own private lesson rates, please see your coach to find out how much they charge and payment method preferred (check or cash only, no Credit Cards accepted for Private Lessons).

### **Home Equipment**

PLEASE DO NOT PURCHASE HOME EQUIPMENT FOR YOUR CHILD TO "PRACTICE" ON. The athletes need to learn how to leave their gymnastics at the gym. They are in the gym more than enough, when they are home they need to be a kid, enjoy the time off.

Not only is home equipment one of the biggest causes of athlete injury, but when they work on home equipment without a coach's instructions they tend to build improper habits which take us a significant time to correct. Although you may think that providing them the home equipment would allow them to "get better" or work ahead, it almost always puts the athlete behind.

### **Coach/Gymnast/Parent Triangle**

AGA believes that in order for an athlete to be successful, the "triangle" of the coach, the gymnast, and the parent all have their roles to perform. If one of these roles isn't being fulfilled, the gymnast's opportunity for success decreases dramatically.

Each piece of this partnership triangle has its own responsibility to the success of the athlete:

- **Athlete**: The athlete's role is relatively simple: Attend practice, follow the coach's instructions, don't get distracted, always put forth your best effort, and keep up your grades.
- **Parent**: The parent is the athlete's support system. Be encouraging, don't try to be their coach. Reinforce the commitment the athlete has made towards reaching a goal. There will be days they don't want to come to practice; don't let them fall into the habit of giving up, or avoiding taking responsibility for their actions. Make sure they are keeping up on all of their responsibilities at home and school – leave the gym corrections to us.
- **Coach/Gym**: Coach and guide the athlete in their gymnastics career to the best of our ability. Place the athlete in the best position to be successful; not only for the short term but for the long term. Provide a proper plan for the athletes training which is equivalent to their learning curve and physical/mental ability. Hold ourselves, and our athletes, to the highest training standard possible.

The parent has one of the most difficult jobs on the coach/gymnast/parent team because they have the smallest role in actually controlling performance. The combination of a high emotional stake in a child's performance with so little direct control can be extremely stressful!

Many times this stress causes parents to lose sight of their role on the team and attempt to work beyond their limits. This can cause stress for the coach and the gymnast, as well as reduces the effectiveness of this three part team.

The most common areas where we see parents “breaking the triangle” is when a parent attempts to "coach" their child. This is the parent that begins to try to make technical corrections on the way a skill is being done, or attempts to make decisions on what skills should be in a routine, or feels they know which group their child should be in, or gives corrections to their child at a competition or practice.

***Danger signs of the over-involved parent:***

- Observing every practice - intently.
- Learning about technique and deductions and attempting to apply it to their child's gymnastics.
- Comparing your child and their progress to other gymnasts on the team.
- Verbally abusing the gym, its coaches, its facilities yet remaining in the program (this usually demonstrates a deeper frustration or problem - identify the real problem).
- Recording every meet or practice and requiring your child to review it at home with you.

***Become the essential link in the training triangle of coach/gymnast/parents.***

Your trust in the coaching staff is paramount. Gymnasts need more encouragement at "plateaus" in their skill development. At times when no progress is being made, or at least it seems that way, showing support is the best thing you can do for your child. While encouragement is essential, please refrain from pressuring the child to "outperform" anyone else or to attempt skills which may be beyond their present physical ability and therefore dangerous. Truly believe that we have your daughter's best interest in mind, and we ask you to support the coaching staff during the rough times.

Find out about your gymnast's progress periodically. For a full discussion of your gymnast's progress, make an appointment with the child's coach. If you cannot schedule an appointment please email the coach for a brief progress report. Advise coaches on adverse situations or stresses the gymnast may be undergoing outside the gym. Should problems arise, communicate with the coaching staff. We would much rather bring the problems to the surface rather than hear about your discontent through the ever present "gossip grapevine".

## **Athlete Nutrition**

---

AGA does not promote that a gymnast should “diet”, or have a specific “body shape” to be a gymnast. We do not subscribe to the “perfect” gymnast physique philosophy; however, we do highly encourage the athletes to maintain proper nutrition in order to allow their body to perform and recover properly.

Athletes such as gymnasts require optimal nutrition to fuel physical training for athletic performance gains. No one specific nutrition plan or set of foods will be appropriate for all gymnasts, as dietary needs depend on age, height, weight, gender, physical activity levels and existing medical conditions. However, in general, a healthy, well-balanced diet is ideal to maximize energy and recovery needs.

The one steadfast rule that we do have is that AGA athletes should avoid fast foods, soda, and sweets in excess, as there is next to no nutritional value and they do nothing to fuel their bodies.

While we all probably laughed a little at it, the commercial on TV over the past few years showing the “you are what you eat” soccer players does ring true in most regards.

AGA highly recommends each individual athlete's family consult with a physician or health professional to determine their athlete's individual health needs. If you need assistance in providing information to the nutritionist about their physical activities in the gym, please see your child's lead coach or an AGA Owner for assistance.

## **Meet Gifts (From parent group to athletes)**

---

Meet gifts are a great thing for the kids to get, however meet gifts should be kept useful, and should be relatively inexpensive, and should be based around some type of snack the kids can consume easily during the meet to keep their energy levels up. If you are coordinating the gift for your group, make sure that ALL parents that are part of a group for that specific meet are in sync with what the meet gift, and are willing to donate BEFORE it is purchased. DO NOT JUST DEPEND ON EMAIL, if you haven't heard a response from a parent in your group regarding the gift, reach out to them or see the front office and we can assist in getting a hold of them. Please do not turn this into a program where each parent group is trying to outdo the parent group before them. Our suggestion is that if you wish to do a bigger overall gift, save that one for the State Championships and have everyone participate to keep the overall costs to each family down.

## **Gifts to Coaches or other AGA Staff**

---

Advance approval from an AGA owner is required before a client family may provide an AGA employee a gift or item worth more than \$25.00 that is not from the entire team (i.e. Holiday gift, end of season, occasional, etc...).

This policy is meant to prevent any appearances of favoritism or impropriety on the part of the coach; however, it is flexible in that giving individual gifts is not prevented. In the event you wish to give an individual gift to an AGA Employee, please discuss the matter with an Adrenaline owner to discuss approval and appropriateness prior to doing so or purchasing anything.

## **Coaching Staff Decisions**

---

AGA's Coaching Staff has final jurisdiction over any training or competition related decisions. Decisions will be based on the positive growth of the gymnast as well as consideration of any effect on other team members. Any discussion concerning any decision should first be directed to your coach for resolution and then to the Xcel Program Director if you still feel it is unresolved. At any time you may also bring your concerns to an AGA Owner.

## **Team Publicity Policy**

---

Adrenaline Gymnastics Academy, Inc. and/or its representatives may submit articles, advertisements and/or photographs to newspapers, other publications, the internet, and other news media concerning teams or individual gymnasts from time-to-time. The prime purpose for these submissions is for recognition of team and individual achievements; although, use of these photographs remains unlimited. Individual and family permission for these submittals is inherently granted when an athlete joins our team and the waiver of rights regarding this policy is included in your registration paperwork.

## Finishing Assignments

---

In addition to our attendance policy, every athlete must complete every assignment during the week before each and every competition. We do this to ensure the athlete is mentally and physically prepared, especially since they are usually about to compete in a different gym, with different equipment. The consequence for an incomplete assignment is that the gymnast may not complete the event on which the assignment was not completed. Please note that scratching an athlete from an event is at the sole discretion of AGA Management.

## Injuries

---

Despite our best efforts, injuries can happen anytime we involve motion, speed and power. Simply put, everything in gymnastics....

### ***If your child is injured:***

If your gymnast becomes injured, we need you to provide us sufficient information to make decisions regarding your child's continued training in the form of an AGA "return to practice" form which can be obtained either in the front office or via the member pages of the AGA website. Please make sure and bring this form with you to the doctor's appointment as there is information on there that will need to be provided by a licensed medical physician. If we still have questions, we may request the ability for an AGA owner to talk directly with the physician regarding the injury. While this would be uncommon, it would most likely occur when the athlete is in physical rehabilitation so we are on the same page as the PT as to what the athlete can, and cannot, do safely if the information provided is vague.

### ***During Rehab:***

Unless the athlete is injured to a point where the physician completely removes them from all physical activity, the athlete is required to discuss a modified practice schedule with their coach to continue performing whatever limited actions are approved by their physician. Normally, this modified schedule will be heavy on the flexibility, strength, and visualization efforts. Not stopping "cold turkey" will allow the gymnast to return to event training in a progressive manner immediately after the injury is healed, minimizing the gymnast's training recovery period. If they don't come to practice simply because their wrist is in a cast, the rest of their body will QUICKLY lose gymnastics conditioning and it will be that much harder to come back overall.

### ***Effect on tuition/fees***

Please see the Financial Obligation & Commitment section of this document for additional information.

## Communications & Conflict resolution

---

We have an open communications policy on our team with gymnasts, parents and coaches, and AGA typically holds a minimum of one formal conference with each gymnast and her parents per year depending on level assigned. Situational or other meetings can be arranged upon request. If any concerns or questions should arise, please feel free to email the coaching staff or speak with them to schedule an appointment.

For specific conflict resolution items:

- Athlete/athlete conflict:
  - Please bring any athlete to athlete conflict to the attention of your child's coach for resolution.

- Athlete/coach conflict
  - If your child has a coaching issue, the child must talk to the coach that is directly involved. The parent may be present, but the child should discuss the issue with the coach.
  - If you have already talked to the coach and feel you still need to talk to an owner regarding the situation, you may set up a meeting by contacting an owner or the AGA Front Office directly. However, please note that an owner will typically not discuss issues with parents unless the parents and athlete have already attempted to resolve the situation with the coach directly.

## Meet & Competition Specific Items

### Team Attire Requirements

---

All competitive AGA team members are required to purchase certain uniforms and minor personal equipment for the training & competition seasons. All of our athletes are required to wear the same uniforms, as designated by AGA management for the level assigned. Self-purchased uniforms will not be acceptable attire for competition meets, and if no uniform is ordered your child will not be allowed to compete.

Costs ranges are provided on your acceptance letter as an estimate only, as final costs may vary depending on configuration and vendor charges/costs at the time of order. As always, we will work diligently to keep these costs towards the lower estimates by shopping multiple vendors, and by attempting multiple configurations of the uniforms. However, many of these costs are well beyond our control and are subject to the vendors pricing structure (which are all pretty similar).

AGA will make every attempt to keep the same competition attire for a minimum of two years, and as long as it fits your child, and is serviceable, they can use it for the following year unless we must change uniforms for reasons beyond our control such as the vendor no longer making the uniform (therefore we would have to change to match all new team members).

At times, AGA will also facilitate a “gently used” item resale between parents. However, all used items must go through AGA Mgmt for inspection prior to being accepted for re-sale. Should you choose to purchase an item directly from another parent, you do run the risk of AGA declaring the item unserviceable, or ill-fitting, and being required to purchase an appropriate item.

PLEASE NOTE: FOR PERSONAL BUDGETING PURPOSES, PLEASE PLAN ON PURCHASING A NEW LEOTARD EVERY YEAR BASED ON YOUR CHILDS GROWTH PATTERNS.

### AGA Xcel Team Overnight Meet Policies and Procedures

---

1. From time to time during the competition season, there will be the potential competitions outside the local Denver area
  - a. Typically there will be one “overnight” meet scheduled. This will typically be in one of the mountain towns or Colorado Springs, Monument, Ft. Collins, or similar distance cities.
2. Please remember we are traveling to a competition where we have no control over the dates and times. The gym will distribute meet information and host hotel information as soon as we receive it.

3. Gymnast families will make ALL OF THEIR OWN TRAVEL ARRANGEMENTS, but must have the gymnast at the specified location by the specified time in order for them to compete.
4. No gymnast is allowed to travel to a meet un-chaperoned.
  - a. If you are not attending the meet, you are responsible for finding a chaperone for your gymnast. FOR GYM INSURANCE REASONS YOUR CHILDS COACH CAN NOT BE DESIGNATED AS A CHAPERONE, SO PLEASE DO NOT ASK! The chaperone is to be provided with a Medical release form and all pertinent information along with enough money to cover all cost (i.e. Meals, share of hotel room, share in car rental cost and incidental items). The gymnast will respect the chaperones advice and guidance. It is the parents' responsibility to notify the coach with a list of who is chaperoning whom before the team departs.
  - b. Overnight meets are great fun and entertaining; however, please note that it is our expectation that all AGA gymnasts who have attended the travel meet are required to attend all sessions where our gymnasts are competing to show their support for their gym mates. If your travel arrangements do not allow for this, please discuss the matter with your child's coach.
5. Unfortunately, attending travel competitions may require the gymnasts to miss some school time. We highly recommend discussing your child's gymnastics endeavors with their school, teachers, counselors, and principle as to provide them with a better understanding of his/her gymnastics future, as well as to maintain a proper working relationship with them for missed school time. AGA will always attempt to find travel meets which will limit the amount of missed school time, but please realize that there are sometimes numerous factors involved beyond our control in the meet schedule.

## **“Making Lineup” & Scratching Events**

---

All AGA competitive gymnasts must demonstrate proficiency in all skills appropriate to their competitive level to be allowed to enter any competition. In addition, the gymnast must be in good health and have completed all assignment and attendance requirements to “make the lineup” for a competition.

During the competition season coaches may scratch a gymnast from specific events for a few reasons such as:

- Preparation Related Scratches
  - Missed practices prior to the meet
  - Incomplete assignments prior to the meet
- Safety related scratches
  - The athlete may not be ready to compete that event
  - The athlete has a minor injury that could risk their safety on that event
  - The athlete is showing significant challenges with an event at a meet during warm-ups that are not typical of her performance.
  - Athlete starts having a history of balking on skills during a meet or practice
- Disciplinary action scratches
  - Serious or reoccurring violations of gym rules.

The preparation and safety related items are relatively self-explanatory or have been explained elsewhere within this team handbook; however, please note that scratching after warm-ups is a “meet time decision” for a coach and is not done lightly. If your athlete is scratched at a meet, we will usually be unable to talk to you right away during the meet, but we will follow up with you as soon as possible to make sure you have all of the pertinent information. Scratching an athlete from an event is at the sole discretion of the athletes coach, or AGA Management.

Scratching as a disciplinary action is very uncommon and is only used for serious, or reoccurring, violations of gym rules. Please note that if the gymnast is suspended from a competition due to poor attendance, incomplete assignments, a poor work ethic, negative attitude, balking, or any other reason, the entry fee is not refundable if it has already been paid. Ultimately, please remember that coaching technique, skill implementation, and athlete discipline are not subject to compromise with parents or the gymnasts. The coaching staff has the final say in all competitive program matters.

## Meet Etiquette for athletes:

---

1. Conduct yourself with grace and courage during competition. Accept all scores in a positive manner and learn from any mistakes.
2. Ensure you are in the proper attire, your hair is done appropriately with no unapproved bows/ribbons/etc., and no jewelry on. Your hair cannot be a distraction and may not touch your nose or face. Talk with your coach if you do not understand how your hair needs to be done for a meet.
3. During awards, gymnasts are to pay attention, and also wear their competition leotard and team warm-ups proudly. All gymnasts must be in their warm-ups for awards, which means jackets and pants on with the jacket zipped up.
4. All gymnasts are expected to stay until awards are over and they are dismissed by the coach.
5. Congratulate members from the opposing teams when they do well; you will probably see many of these gymnasts again over the years, and quite possibly might develop some new friends along the way!
6. Never leave the meet facility without your parents or guardian.
7. Do not go out to the stands during your competition to socialize with friends and family. Focus your attention on the task at hand – your competition.
8. Never speak in a negative way about another club, coach, gymnast, or judge; If you cannot say anything nice, don't say anything at all. If a situation arises where they are displaying a disrespectful attitude towards you, remove yourself from the situation and inform one of your coaches so they can handle the situation accordingly.

## Meet Etiquette for parents/spectators:

---

It is the philosophy of Adrenaline Gymnastics that the coaches, the gym administration, the parents, and the gymnasts are all part of the team and each have their role to play. Having a strong cheering section does wonders for team motivation and gives pride to the team; but as parents you should be aware that as members of Adrenaline Gymnastics Team you also represent the gym and your fellow team parents. Listed below are general guidelines for competition situations:

1. Cheering for our team members: Cheer loud and often, but please do so in a courteous manner to the other athletes who may be competing.
2. Cheering for other athletes: Feel free to cheer for fine performances turned in by gymnasts from other teams. This shows great sportsmanship and is an excellent example for us to set not only for our kids, but for other parents/spectators as well.
3. Show your support: Show your support by proudly wearing your AGA or AGA Booster spirit wear (t-shirts, sweatshirts, etc.)!
4. Negative talk: Never speak in a negative way about our club or athletes, another club, coach, gymnast, or judge while in the stands at practice or a meet.
5. Restricted Areas: Under USAG rules the only adults allowed in the competitive area are the judges, those helping run the competition, and USAG professional members. Competitors are not permitted in the stands until after the awards ceremony.

6. Talking to the meet officials: **Under no circumstances** is a parent or gymnast **ever** to approach a judge or meet official before, during, or after competition to comment on, complain about, or even ask about a score. We cannot emphasize this enough, and failure to adhere to this policy can lead to our team being disqualified from the meet.
7. Contacting your gymnast: Please do not contact or talk to your gymnast once they are on the competitive floor, doing so risks not only distracting your child, but risks having our entire team (or the entire meet) disqualified under USAG regulations. If there is an emergency, please contact one of the owners there watching the meet, or go to the front counter of the gym hosting the meet to contact your child.
8. Injury Situation: While we know this is a difficult thing to do sometimes, please do not rush out onto the floor if you think your child may have been injured during warm-ups or competition; please wait for your coach to give some indication that you should come into the competition area before doing so.
9. If you will not personally be at the meet:
  - a. Know the name and phone number of the facility where the competition is being held.
  - b. Communicate clearly with your child who is taking and picking them up, where they will pick them up and return him/ her, where they will eat and so on.
  - c. Provide them with an emergency number in case they need to call home and you are not there. They should also provide this to their coach as soon as they get to the facility.
  - d. Send enough money with them to cover meals, snacks, call home, and to contribute for gas if appropriate.

## Disciplinary Actions

The procedures noted below are not intended to be all-inclusive; and are presented as an expression of our beliefs as to what disciplinary actions are sometimes necessary and appropriate to deal with specific situations.

### Minor Rules Infractions

---

Items such as general attention lapses, extremely minor discipline issues, and unfinished assignments are to be expected when working with children attempting to learn a sport as difficult as gymnastics. We understand that they are kids and there will be times where, like their teachers at school, we will need to take minor corrective actions to refocus the child. We consider these instances to be fairly common, and we will not generally communicate these disciplinary actions to the parent of the gymnast. The development of the coach/gymnast relationship is paramount, and we cannot run to the parents every time we have a minor issue unless a significant pattern evolves. Those relationships are built on time-shared beliefs in the same gymnastics related dreams and values, work performed together, and the emotional ups and downs that are part of all important ventures. The downs include minor discipline problems, and we will attempt to solve them within the framework of building the gymnast/coach relationship.

1. The gymnasts may not be permitted to rotate with their group at the designated time. They will have to stay and finish their work assignment or repeat the entire assignment on a particular piece of equipment.
2. The gymnast may be asked to sit out for a period of time to refocus
3. If balking on a skill is habitual, the gymnasts may be given appropriate other gymnastics related items to perform which helps focus his/her attention, and build the strength and conditioning to accomplish required skill.

## **Repeated minor rules infractions**

---

These actions signify a need to work outside the coach and athlete relationship. In this instance we need your help to overcome a challenge that has proven too much for us to accomplish on our own. It does not necessarily mean that we are confronted with a serious problem; It only means that we need your help in expressing the significance of the issue before it turns into a major concern.

1. Parents will be notified of the issue
2. They gymnast may be asked to leave the gym and go home early.
3. The coach may request a meeting with a parent and the gymnast before they are allowed back into practice.

## **Serious Violations**

---

Serious violations of our rules and policies, either by the gymnast or their parents, require stricter responses by AGA mgmt. These actions are very seldom used, and are primarily for times when there is an ongoing problem with disruption and disrespect within the gym that has proven resistant to improvement. While we strive to produce an environment conducive to team work and problem resolution, we will not allow a bad attitude of one person to bring down the spirit and work ethic of an entire group.

1. The gymnast may be suspended from the team for one or more days.
2. The gymnast may be asked to leave the program

## **Parent Problem vs. Athlete Problem**

---

It is important to note that, while highly unlikely or uncommon, it is possible that a gymnast will be asked to leave our program because of the actions or inactions of their parents. While we never want to “punish” a child for the parent’s actions, we simply cannot tolerate parents who by their words and actions continuously do not support the policies and values of our program.

## **Dance Class Disciplinary Actions**

---

If your athlete is on a team which has weekly dance training, this part of the instruction is extremely important, and they only get it one time a week. Their focus and attention in this class is paramount if they are to be successful at this part of the training. Therefore, Dance class disciplinary actions are very cut and dry:

1. If the Dance instructor has to continuously advise the student that they are not following instructions, or if they are a habitual distraction in class, they will be provided ONE warning by the dance instructor, and the athletes coach will be notified.
2. If during subsequent classes corrective actions are not taken by the athlete, and the dance instructor has to advise them again, they will be removed from class and sent back to their primary coach.
3. IF an athlete is removed from dance class for disciplinary actions, they WILL be suspended from gym for one week. Please note, if they are suspended from practice the week of a meet that also means they will be scratched from the meet for disciplinary reasons with no refund provided to the parent.

# Financial Obligation & Commitment

## Team Tuition, Fees, and Additional Costs

---

### **Where are the costs????**

All estimated pricing will be listed on your team agreement letter which you are required to sign when accepting a position on the team. This section of the handbook will not outline specific costs, but rather all of the information behind the costs.

If you have any questions regarding any item listed, please discuss them directly with an AGA owner or the Front Office Manager. Coaches will not be able to answer specific questions regarding these items.

### **Payment Methods**

All Team program families are required to participate in the AGA auto-pay program to ensure all required payments for your child's continued participation are received on time by AGA. Please bring and issues or concerns over this policy directly to an AGA owner or the AGA Office manager, as your coach will not be able to assist you with this matter.

### **Team Auto-Pay Policy**

Unless paid prior to the due date via other means, all AGA team charges will be charged to the auto-pay account on file. By accepting the team position, and signing the team agreement, you are committing to the following conditions:

- Tuition will always be run on the first of the month
- Any team related charges such as Team Dues & Meet Fees, Uniforms, Membership Fees, etc. may be charged as long as the client is provided an opportunity to pay via other means first, and if the charges do not exceed the amounts listed within the team agreement.
- Initial reminder notifications regarding team related charges (excluding tuition) will be sent via email no less than 7 days in advance of the charge.
- 

### **Account Balances**

Team accounts must be kept up to date in order for the athlete to maintain their position on the team. If a family issue occurs where an account may get behind for whatever reason, the team family is encouraged to discuss the matter with an AGA owner prior to the account becoming behind to discuss potential options.

Regardless of situation, at no time will an account be allowed to carry charges over from one season to the next.

### **Late/Overdue Payments**

In the event an auto-pay payment is declined by your bank, we will contact you to make you aware. However, overdue accounts will have the following restrictions until the account is paid up to the current amount due:

- a. Disqualify the gymnast from competition, including state or post-season meets.
- b. Gymnasts may not be permitted to attend practice or team functions
- c. Gymnasts will not be permitted to do private lessons.
- d. Habitually late accounts may be asked to leave the gym permanently

## **Annual Commitment Requirement**

Unlike the recreational program, which does not necessarily require longer than a month-by-month enrollment, **you are now making a year-long time and financial commitment.**

Team	Tuition & Timeframe Commitment	Competition Season	# of In-Season Meets	Typical Post Season Meets (Must Qualify)
Pre-Team	Aug through July	N/A	N/A	N/A
All Xcel Competitive Teams	Aug through State Championships	February through June	5-7	Bronze/Silver: No meets past State Gold/Platinum/Diamond: Regional Championships

## **Annual Financial Commitment Exceptions**

### ***Financial Obligation & Commitment Exceptions:***

The following exceptions apply to the annual commitment policy:

1. If your family moves out of a reasonable distance from AGA due to work related relocation
2. Verifiable loss of work (laid-off, company closes, etc).
3. If your child is injured, **DURING SCHEDULED GYMNASTICS PRACTICE, AT A SANCTIONED MEET, OR DURING A SCHEDULED PRIVATE LESSON**, and your Doctor's office faxes or emails us a letter/note stating that due to their injury they must permanently (or long term greater than 2 months) discontinue their gymnastics training.
4. Injuries occurring outside of practice, or other events not listed, will be taken under advisement on a case-by-case basis by an AGA Owner.
5. Please note that only an AGA owner may waive any commitment fees so unless you request action by bringing the situation to an owner's attention, no fees will be "automatically waived" and you will be charged.

If any of these exceptions ends up applying to your family, please see an AGA owner to discuss options.

## **Early Drop Penalties**

**VERY IMPORTANT:** Beyond the exceptions listed above, once you accept a position on an AGA team, you are accepting the commitment to pay **all** costs associated with that particular level regardless of your child's status in the program. This includes if you quit at any point prior to the end of the commitment, or if your child is removed from the team due to disciplinary or attendance issues. Any remaining balance will be due in full no less than 7 days following your final practice date.

While this policy may seem harsh on the surface, please take the following into consideration:

- Your child has been accepted on the team over another child. AGA routinely has to turn athletes away from spots on our teams.

- MANY of the costs associated with Team Dues and Meet Fees invoices are shared costs across the entire team membership, and the final charge to each family is determined by the number of families we grant spots to on our team.
- We do this to keep the costs as low as possible across the board for all of our team families. Please do not expect those costs to just be assumed by the other parents or the gym should you choose to un-enroll your child prior to the end of the commitment.

## Registration Fees

---

Two required annual registration fees apply to all team gymnasts. Amounts for these fees are listed on your team acceptance letter for reference:

- AGA annual membership fee (due in anniversary month of each year)
- USAG Annual Membership Fee

## Estimated Team Dues & Meet Fees (TD&MF)

---

Team Dues & Meet Fees are a separate charge from your monthly tuition and are directly related to the overall costs associated with the gymnasts participating in the competitive meets such as (but not limited to):

- Sample Team Dues item inclusions:
  - Team coach annual training budget
  - Team coach annual background checks
  - Team coach annual USAG Memberships
  - Annual Team equipment maintenance budget
  - Athlete annual USAG membership
  - Pre-Season in-house training camp (if applicable)
  - Additional pre-season judging (for entire team, not individuals)
- Sample Meet Fees item inclusions:
  - Athlete Meet Entry
  - Coach Travel/Daily Meet Related Costs (Each item if applicable: Mileage, Parking, Airfare, Lodging, Rental Car, Meals & Incidentals, etc.)
  - Coach Meet Session Fees

Team Dues & Meet Fees will vary from year to year, based on the team size, budget, and number/location of meets the team will attend throughout the season; however, typical ranges and dates are listed on your team acceptance letter for reference.

Please Note: TD&MF PAYMENTS DO NOT COVER ANY ATHLETE/FAMILY TRAVEL COSTS For All Xcel athletes, your initial TD&MF invoice will cover all meets through the State Championships. For those levels which have possible post-season meets after state, if an athlete qualifies to additional post-season meets, additional charges for that specific family will apply.

### **Additional Team Dues and Meet Fees Policies**

- a. AGA generally requires that all team members compete in all scheduled meets, including all overnight/travel meets assigned to.
- b. TD&MF are part of the annual contract for team membership, and therefore non-refundable with the following exception:
  - a. If an athlete is injured and excused by Doctor's note from competition, the Meet Fee for the unattended meet will be refunded as long as it has not already been paid by AGA. Once paid to the host club, the meet fee is non-refundable.
- c. For families with multiple team level children, team dues and meet fees apply to each child individually; there is no family rate or discount.

### **Parent "Home Meet Participation" Requirement**

---

All team parents are required to "volunteer" time at the multiple home meets AGA hosts throughout the year.

1. Two options are available for the parent meet participation requirement:
  - a. Buy Out
  - b. Complete the credits.
2. Similar to TD&MF, the credits worked requirement may change year over year, and will be announced around August 1<sup>st</sup> of each year. The formula which will be utilized to determine the number of hours per family required will be:
  - a. *"Number of hours to complete all required tasks/number of team athletes."*
3. If you have more than one team athlete, you must complete the parent participation requirement hours for EACH athlete.
4. Typically, three meets will be held at AGA (Junior Olympic Compulsory, Junior Olympic Optional, and XCEL) which will allow ample opportunity for all families to meet their required hours. Meet participation requirements can be achieved through a variety of tasks, including:
  - a. Gym Setup
  - b. Scorer/Timer during session
  - c. Computer Scoring Assistant
  - d. Hospitality & Concessions
  - e. Meet Tear Down
  - f. Other items as needed & published by gym mgmt. depending on the meet.
5. Please note: these requirements must be performed by the parent. Athletes are not permitted to earn their own credits.

## AGA Basic Handbook Policy Modifications for Team Families

The information in this handbook modifies the following AGA policies which were outlined in the general handbook for all AGA Team families.

### Policy Modifications

Policy	Changes?
Tuition Policy	Yes: Annual Commitment + other outlined details
Annual Membership Fee Policy	No Changes
Enrollment & Class Drop Policy	Yes: Annual Commitment + other outlined details
Make-Up/Missed Class Policy	Yes: Teams on set schedule, no longer applies
Proration & Refund Policy	Yes: Annual commitment + other outlined details
Vacation Proration Policy	No Changes
Drop Off-Pick Up Policy	No Changes
Athlete Health Policy	No Changes

## Mandatory Commitments Chart by level

“X” = required.

Item	Xcel Pre-Team	Bronze/Silver Teams	Gold Team	Platinum/Diamond Teams
Annual Tuition Commitment	X	X	X	X
Annual AGA Membership Fee	X	X	X	X
Annual USAG Membership Fee	N/A	X	X	X
Uniform Expenses	X	X	X	X
Team Dues & Meet Fees	N/A	X	X	X
Possible post season additional Team Dues & Meet Fees	N/A	N/A	N/A	N/A
Home Meet Working Requirement	Partial	X	X	X
Attendance Requirement	X	X	X	X
Restrictions on outside sports/activities	No, if attendance requirement maintained	No, if attendance requirement maintained	No, if attendance requirement maintained	No, if attendance requirement maintained
Travel Required	None	1 Possible overnight in state meet per year.	1 Possible overnight in state meet per year.	1 Possible overnight in state meet per year.
Auto-Pay Required	X	X	X	X
Preseason Training Camp Attendance	Optional	X	X	X
Grade Point Average requirement	N/A	N/A	N/A	X

## Appendix A: Team Gymnast Specific Rules To Follow

The below listed information is for the gymnast; however the parents are encouraged to review this information with their child and understand it as well.

The below listed information is for the gymnast; however the parents are encouraged to review this information with their child and understand it as well.

1. **Respect yourself:** All your efforts should go into building up your abilities. Fuel your body with nutritious food; rest your body with plenty of sleep; protect your body by being safe in the gym; listen to your body when it tells you to stop either because of illness or injury; heal your body when it tells you not to continue; and celebrate your body by making it strong, flexible and powerful enough to do the wonderful things expected of it in this sport.
2. **Respect, but conquer, your fears:** Gymnastics is the most demanding and difficult of all sports. You will suffer setbacks, frustration, fear, and defeat. Expect these things, learn from them, face them, and overcome them. Set high goals and achieve them progressively step-by-step. Maintain a positive attitude because it is your attitude that helps you defeat your fears and frustration.
3. **Respect your teammates:** They have their own goals and dreams, but they are also here to help and support you. Cheer for them when they attempt new skills, accomplish skills that are difficult for them, or when they are competing. Accept compliments with a simple “thank you”.
4. **Respect Others:** Treat everyone with respect – yourself, teammates, coaches, staff and parents. Be kind to those younger gymnasts who look up to you, and do not think of yourself as better than other gymnasts. Everyone has strengths and weaknesses.
5. **Respect Your Gym:** Always act in a way that shows your respect for yourself and the gym. There is no place in our gym for talking back to coaches or other adults, or crying because you have given in to your frustrations and fears. Show respect for your safety and the wishes of your coaches by staying off the equipment without the specific permission and supervision of a coach.
6. **Drugs and Alcohol:** NO TEAM MEMBER IS ALLOWED TO USE TOBACCO, ALCOHOL OR ILLEGAL DRUGS. Refrain from using all chemical substances such as alcohol, tobacco, and illegal drugs. We spend many hours together trying to be the best we can be. All of that work is a complete waste of time if you blow it on drugs or alcohol, and you will be suspended or dismissed from the team if you engage in these inappropriate activities.
7. **Participate in all scheduled practices and competitions:** Please remember you are participating in highly competitive sport. In order for you to work towards the goals YOU have committed to trying to attain, missing a meet due to social engagements is typically unacceptable unless otherwise approved by your coach in advance. Arrive on time and stay until practice is over. Get any taping or other preparations completed before practice begins.
8. **Don't Gossip:** AGA athletes are expected to stop any gossip they may hear, and be committed to not starting or continuing gossip.
9. **You are expected to work hard and to try your best:** This is all that we will ever ask of you and this is always what you should demand of yourself.
10. **Ask permission to leave the gym:** This applies to leaving practice early, going to the restroom, or calling home. The main reason to ask is so that your coach always knows where you are.
11. **Be honest:** Cheating is the ugliest form of disrespect. It shows disrespect to your coaches, to your parents, to your teammates, and most importantly to yourself.
12. **Tell your coach when your body is telling you to stop or slow down:** This shows respect for your personal self and your coach. If you are sick, on medication, or are injured, we need to know and you need to listen to your body. You *will* have minor aches and pains in this sport, they are relatively unavoidable and are not typically cause for you to skip practice or sit out certain portions of practice. However, pain is the body's way of telling you to stop or that you have gone too far, so for any pain which seems abnormal or “just isn't

right", PLEASE SPEAK UP, you are the only one that can tell us what your body is telling you!

13. **NO CELL PHONE USE DURING PRACTICE:** This includes text messaging. If you need to contact your family for any reason, you must ask permission from your coach and use the phones located in the front office. We will not permit you to receive phone calls during practice unless it is a family emergency.
14. **The stereo system in the gym is off limits!** Only coaches are allowed to switch the radio stations. The gym staff will select a radio station that is appropriate for all the gymnasts in the gym.
15. **Lockers:** Lockers are a privilege and if abused the privilege will be revoked. Food cannot be kept in the locker otherwise you risk bringing in the bugs and rodents. Only items needed for gym may be kept in the locker; (i.e. Tape, hair clips, deodorant, brush, an extra leotard etc.). These lockers are Adrenaline Gymnastics Academy Inc. property and can be searched at any time without consent by an AGA Owner, Director, or Coach. Use of the locker consents to this search without reservation.
16. **Always wait inside for your ride:** Gymnasts are not to wait outside for pickup following practice.
